ACP Components

The following table outlines the different components that comprise ACP and are aligned to ACP model. You may note that many of these components are already in place in your district. The shift will be systemic, toward a student-centered model that allows all students access to the components they need to meet their individual goals.

Self-Awareness Activities KNOW			Exploration Activities EXPLORE		Career Planning Activities PLAN		Management Activities GO
8 Writing 10 Personal Reflections	Identifying Strengths 6-12	Identifying Needs 6-12	Career Interest Inventories 6-12	8,11 Setting Career Goals	Resume Builder 12	Cover Letters 9-12	Modify Academic Goals as Necessary 6-12
